**Household Hazardous Waste Center**

Steve Wood stated the Household Hazardous Waste Center has shipped over 16 tons this year. We are on pace with 2004. The HHW Center was the featured item on Saturday, March 26<sup>th</sup> with Tree Boy from Channel 13.

Holt asked what the current status was on tires? Wood stated they have 365 tires on hand and plan to ship the end of April. Holt asked if they are taking tires daily? Wood stated they will, but it is not advertised due to the lack of manpower on a daily basis. Holt asked if they are taking the tires on the rim? Wood stated no.

**Additional Appropriation**

Wood requested permission to request and advertise for an additional appropriation to purchase a bobcat at a cost of \$35,000. The 2005 budget included \$8,000 for a forklift. The need for a bobcat to load trucks, to help load sand for the Emergency Management sandbags, sweeping of the parking lots for Stormwater Phase II requirements and snow removal has become evident. The \$35,000 includes all attachments. Wood stated he checked with the highway department and parks department and they do not have any bobcats they will be disposing of in the near future. Altman asked if the use of the bobcat to sweep is an efficient use? Wood stated yes, many companies are going to a bobcat to clean up construction debris. Altman motioned to approve. Dillinger seconded. Motion carried unanimously. The additional appropriation will come before the board at the April meeting for approval.

Dillinger motioned to adjourn. Ditslear seconded. Motion carried unanimously.
